Script:

JOSH: (grabs plate and starts shaking excitedly) Oh! My! Gosh! They have EVERYTHING in this buffet! Fish & chips, butter chicken, steak! I love a good buffet! (prances over to a seat, sits, and sniffs food) Something smells strange. Oh well. What's the worst that can happen to me? (takes two big bites of food, chews loudly, and swallows) Mmm. Soooo good.
(freeze for a couple seconds)
BRAIN: (clap three times and grab clipboard) Alright organs, listen up! It's Josh's brain here and I have some very important announcements for you all today. I am so disappointed to say that our productivity has decreased by seven percent in the past month so I'm gonna need to know what's up. Heart, do you have anything that you would like to say?
HEART: (pumping crazy) I'm tired, man! I've been pumping nonstop for fifteen years; can I just take a five minute break!
BRAIN: No, heart. You can't take a five-minute break.
HEART: But why??
BRAIN: Because Josh will die! Uhhh, lung, what's up with you?
LUNG: (breathes deeply) Dude, I'm tired too. Fifteen years of (inhales dramatically, exhales) I just want some fresh air to breathe.
BRAIN: Ok guys, I know we're tired and we want to take breaks, but if you don't keep it together there will be some serious consequences. Alright stomach, Josh has gained five pounds in the past two weeks. What's up?
STOMACH: (in the middle of eating something and with a full mouth) I can't help it!!!
BRAIN: You're the stomach! Control it, ok?!
STOMACH: (about to cry) Why does everyone always get mad at me!!
HEART: Because you ruin everything.
STOMACH: (still "about to cry" voice) No I don't!
LUNG: Uhhh, yeah you do. Remember that one time when you accidentally ate all the white blood cells because you said they looked like cookies.
STOMACH: But they did!!
HEART: Or that other time when you were too busy eating Taco Bell, so you let the stomach flu get in.
STOMACH: It was Taco Tuesday!!
BRAIN: Hey! Guys, give stomach a break. He's already got enough on his plate.
LUNG: You can say that again.
BRAIN: Guys! Oh wait, I'm getting a message from nerve. (receives messages from nerve in earpiece then looks shocked) Guys…...JOSH HAS FOOD POISONING!

It has been said that you are what you eat. Well good thing I just ate a state champion right before this round (creepy smile at camera). Anyway, Josh's organs panic when they find out he

has food poisoning. And although teamwork is just what they lack most, they are going to have to work together to defeat it. *The Organ Ordeal*, an original.

STOMACH: (stupid grunts) Josh has food poisoning!!
HEART: (pumping intensified) Not again!
LUNG: Don't let stomach handle it again. Remember last time?
HEART: How can we forget? Stomach ruined the entire thing.
BRAIN: Hey! Guys, leave stomach alone. He's got bigger fish to fry.
HEART: Yeah, I bet.
BRAIN: Guys. Last time it wasn't stomach's fault. Last time we were unsuccessful because we didn't work as a team. If we work together, the food poisoning will stand no chance, alright? Now hurry, get to your places. We don't have that much time. (on earpiece with nerve) Nerve, I'm gonna need you to gather all the foods that entered the body in the past twenty-four hours and put them in my office. I'm heading there right now. I'll meet them there in a second. (goes to office and starts working) Why won't this boy reach puberty already he's 15 for heaven's sake. (Three knocks on door) Come in. (pause) Ah, you must be the suspects. Take a seat.
FISH & CHIPS: Suspects?! Suspects of what?!
BRAIN: Well, there's been a case of food poisoning, and we know it's one of you guys.
BUTTER CHICKEN: Food poisoning? (evil laugh) It can't be me. I'm always made with the freshest of ingredients.
BRAIN: Well, we know it's one of you guys and we're going to ask some questions to find out. (pulls out clipboard) If you don't mind, I will also be taking some notes as well. So first, introduce yourselves.
KABAB: (offended) You don't know me? I'm the kabab koobideh. Number 1 food in the whole world. You really don't know me?
BUTTER CHICKEN: I'm the butter chicken. 50% butter. 50% chicken. 100% hot.
FISH & CHIPS: And I'm just the poor old fish and chips. Everyone always blames the fish & chips. Is it my look? Is it my smell? What is it?!
BRAIN: (writing on clipboard) Ok. Where were you guys on Sunday at noon?
BUTTER CHICKEN: Ahh Sunday was a great day for me. I just woke up, and I looked across the buffet to see the most beautiful piece of bread I have ever seen staring right back at me. Her name---was Naan. Her crispy, golden, buttery skin; so soft, so warm. Then I winked at her. Then she winked at me. And then I said, "What is a fine piece of bread like you doing on this lovely night?" And she was about to answer, but then this stupid boy had to put me onto his plate and take me away.
BRAIN: (more weirded out) Did you see anything suspicious happening on Sunday at noon?
KABAB: The only suspicious thing I saw was that no one put me on their plate for two hours! I'm the kabab koobideh! I'm the best food in the whole-
BRAIN: Yes, we know--the whole buffet.

KABAB: Are you kidding me? The whole buffet? The whole WORLD! It seems like anyone can be a brain these days.
BRAIN: (more weirded out) Alright, fish and chips--you're awfully quiet.
FISH & CHIPS: Because nobody cares about the fish & chips, I'm just the old thing stinking up the place. Mummy was always right about us… (starts crying)
BRAIN: (frustrated) No, don't cry! Ugh! We're getting nowhere with this interrogation.
KABAB: Bro, I already told you I don't have food poisoning. I'm the kabab koobideh! What else do you want, man?
BRAIN: Alright. We're done. Follow me. Attention all organs, gather around. Unfortunately, I have absolutely no idea who the food poisoning is.
HEART: Aw man! Didn't they give you some kind of clue during the interrogation?
BRAIN: I wish, heart, but no, they are actually so annoying. They managed to get on all 86 billion of my nerves.
KABAB: (deep sigh) Oh my god, you never listen. I don't have food poisoning. I'm the kabab koobideh! I'm made fresh every day!
LUNG: (mid-inhale) Wait. Dude, did you just say that you're made fresh every day?
KABAB: Uhh, yeah.
LUNG: Well, that's a lie. No food is made every day at the Ethnic Buffet.
HEART: (pumping but then comes to realization) Oh yeah that's right. Brain, use your memory to see what days the kabab is there.
BRAIN: Alright I guess I can try. (closes eyes and activates Memory) Ok, Sunday at noon. Oh, the kabab is there on Tuesdays and Thursdays.
LUNG: Tuesdays and Thursdays! Josh went to the buffet on Sunday!
HEART: Oh yeah that's true. And now that I'm thinking about it, Josh never said "kabab" when he was grabbing his food. He said steak!
BRAIN: (still in Memory) Heart's right. Kabab must have been misplaced.
STOMACH: So, the worker who took out the kababs never took him away because he was in the steaks section! And then he was left out for three days and became moldy. But then later on Sunday, Josh ate him. Which means that the Kabab, is the food poisoning!!!
BRAIN: (long pause) Wow stomach!! You figured it out!
KABAB: Alright alright you got me. I never expected you guys to find out. (dramatically extends arm for them to take him away) Just take me away already.
BRAIN: Stomach, would you like to do the honors?
STOMACH: You bet! Kabab, it's time you go home. (walks over to kabab to take him away but then kabab pulls out a knife and holds stomach hostage)
KABAB: Aha! Nobody move! If anyone comes close, I will kill this stomach in less than a second.
BRAIN: Stomach! No!
KABAB: Aha, nobody saw that coming. (SUPER proud of himself) I am so good.
HEART: What are we gonna do??

BRAIN: Uhh, lung, beat this guy up.
KABAB: If anyone moves, I will slice this fatso's head off in the blink of an eye.
STOMACH: (super angry and offended) Fatso? NOBODY calls ME fatso. (punches kabab in groin area extremely hard)
KABAB: (in extreme pain) Ahhh!!! (grunts in pain) Good job. I should have seen that one coming.
BRAIN: (shocked at first, blinks eyes a couple times) Yeah, stomach!
HEART: Nice job stomach!
LUNG: Dude, you did it!
KABAB: (in pain) Just let me go already, (super dramatically) let me be free so I can DIEEEEEE in the DIEEEEE-gestive system.
BRAIN: Sorry kabab, but you're going out right where you came from. (snaps fingers) Stomach!
STOMACH: (nods) On it, brain! (grabs kabab) Kabab, it's time that you go home. (throws him up high)
JOSH: (immediately cuts to throws up) Bleghh. Gross. (turns around) Huh? I don't remember eating corn.
