Kevin: Alright, I love you Dad!
Dad: (Not hearing Kevin) Yeah
Kevin: Bye Dad!

Kevin: Guys! I heard that a SCIENTIST is coming to talk to us! Isn't that really cool!!!
Chad: I don't know Kevin... I like astronauts better...
Alexis: KEVIN! YOU ARE RIGHT! I want to be a scientist when I grow up!
Kevin: Me too!
Chad: Actually guys...I want to be an astronaut...
Alexis: NO WAY CHAD! SCIENTISTS RULE!
Teacher: All right class, and now it is the moment you are all waiting for!! Our Guest speaker! Dr. Madd! The Scientist!
(The children whoop and holler... Whatever that means...Dr. Madd enters the stage, and starts talking to the children)
Dr: Hello children! I, am Dr. Madd. I work in a beautiful lab, with test-tubes and beakers. I, however, need help with my newest experiment! So we will have a class drawing to find who shall assist me in my experiments!! *(Draws name)* and it is*...(Dramatic Pause)...*KEVIN!*(Kevin cheers and goes to the front of the room)* Today after school, you shall assist me in creating, a new breed of dog!
Kevin: I LOVE DOGS!
Dr: Yes you will, Muahahahahahahahhaha! *(Dr.Madd Leaves)*
Teacher: Congratulations Kevin Now back to our lesson children! *(Kevin returns to his desk)*

(Bell Goes off, children rush to get going)
Teacher: *(Calling after the kids, following them behind the curtain)* Alright children, that is all for today's lesson, your homework for tonight is page 54 in your green book. Have a great rest of your day, and I will see you all tomorrow.
(Lights Down)

Scene 3
(Lights up on laboratory, beakers on table filled with mysterious liquid. Mysterious Machine in the back of room)
Dr: Kevin, this is my laboratory! I create experiments! Would you like to help me create the new type of dog?

Kevin: Yes sir!
Dr: Well this is paws-itivly exciting. Here, step into this large and scary-looking machine. It is indeed terrier-fying isn't it? Alright, now that you are inside the machine, Ill just makes some changes *(Touches the dials, and moves some levers)* Are you ready Kevin?
Kevin: Not really...I'm kinda scared...
Dr: Its okay, you really don't have a choice, muhahahahaha! (*Pushes button, machine starts, Spins, then ends)* Its finished! It has worked! I have successfully turned a human into...A DOG! Muhahahahhahah! You can say, that you really have gone to the dogs. *(Laughs) (Kevin, with dog ears, and some other form of costuming, stumbles out of the machine)*
Kevin: Man, that was ruff...what happened?
Dr: You are the first human to be successfully turned into a dog, and still be able to speak, or I should say...Bark, English!
Kevin: What's going to happen to me?
Dr: I have invited someone to come and see you...Come in!!
Dad: *(cant see his "son" even though he is right in front of him.)* Kevin? Dr.Madd where is my son.
Dr.: Why he is right in front of your nose.
Dad: Doggone it...Doesn't that kid know that it is rude to play hide and seek in someone else's laboratory...
Kevin: Dad!!! I'm right here!
Dad: What is that dog mutt-ering about? Also, Dogs can't talk! What's going on!? *(sudden realization)* KEVIN!!?
Dr.: Well, it seems that my machine has broken-down and I can't turn you back Kevin! Looks like you will have to live out the rest of your days...in a collar!! Muhahaha!
Dad: Please Doctor, I cant go out into public with a son... that also happens to be a dog!
Dr: Well! That's too bad now isn't it! Now leave! Before I sick the hounds on you! *(Kevin and Dad leave as quickly as possible, as Dr. Madd chases them.)*

Scene 4: The Park
(Kevin and his father are sitting on a park bench with a few trees around them for scenery)
Dad: Kevin, what are we going to do!?
Kevin: I don't know Dad! We need to figure out how to get back to Dr. Madd's Lab! And then try to fix his machine. Can we play fetch? It helps me think...
Dad: Uh...Sure Son. *(Throws ball to his son)*
Kevin: (Chews on Ball) Wait! I think I got it! Dad, I know how to work with machines, Ive always wanted to be a scientist!
Dad: You've wanted to be a scientist?
Kevin: Yeah! Haven't you ever noticed?
Dad: Well...Uh, not really...
Kevin: But I think that if we got into the Doctors lab, I could fix the machine and turn myself back into a human.
Dad: But Kevin, you don't have thumbs...
Kevin: I can make it work Dad!
Dad: But Kevin...
Kevin: Dad it has to be done!
Dad: But what happens if it doesnt work?
Kevin: Well. That's just a risk that we'll have to take...but how are we going to get in... *(Thinks for a moment)* IVE GOT IT! *(Takes out Whiteboard)* We can sneak in through one of his windows, you have to stall the hounds. We can stop by the store and buy some steaks. The steaks will distract them long enough for them to consume the sleep medicine that we will inject into the meat. Once the hounds are in a deep slumber, we will open the disable the laser beams that protect the machine by sneaking in ninja style, and pressing the big red button on the side wall. Once the laserbeams are disabled we will need to block the door behind us by moving some furniture, this is so the doctor cant sneak up on us while Im fixing the machine!
Dad: Wow. Thats a great idea Kevin!
Kevin: Thanks Dad. Now lets do this!!!

Scene 5: Back to the Lab
(Back in the Lab)
Kevin: Im glad that plan worked Dad!
Dad: Me too son! Now quickly fix the machine! I'll move some of this furniture so Dr. Madd cant get in!

Kevin:Okay Dad! *(Kevin begins to work on the machine fixing wires and such. Dad moves all the furniture against the door. Then, all of a sudden they can hear Dr. Madd coming)*
Dr: Puddles! Poogle! Where are you? Ive been looking for you everywhere! Are you in the Lab? Because you know that I have always said that you cant be in there!!! *(Tries to open door)* Hey! What is happening! Who is in my lab!? Puddles, Poogle! Dont worry! Daddy is coming!!! *(Steps running off)*
Dad: Hurry Kevin! We don't have much time!
Kevin: I'm almost done! Just stall him for a few seconds longer.
Dad: Okay son. I believe in you.
(All of a sudden, The Doctor appears with a shrink ray in hand, he blasts the door open. finally revealing Kevin and his Father.)
Dr: Ahh. I see. You have come to put things "right"? Well maybe a taste from this shrink ray will teach you.
Dad: Wait no! *(Stalling)* If you shrink us, who will see the proof that you, Dr. Madd, are the genius that turned my son into a dog?
Dr: Hmmmm... You have a point there...
Kevin: Dad! I fixed the machine! I can turn myself back!
Dr: Haha! Freeze! *(Changes the setting from Shrink to Freeze, and Shoots Kevin)* Well, now that my machine is finally fixed I think that you should step into the machine! (Points gun at the father)
Dad: Wait, you dont know what you are doing!
Dr: Of course not! I am MAD after all! *(Shoves Dad into the machine and turns it on, turning dad into a dog)* My second experiment is complete! Muahahaha! Now nothing will stop me from creating the perfect world! Only me, and dogs, forever! I must go inform the Great League of Elite Evilists! Puddles, Poogle, meet your new friends! *(Unfreezes Kevin)*
Dad: No! Please turn us back! *(Dr. Madd Exits)*
Kevin: Now what do we do Dad?
Dad: I don't know son (Growling and Barking from P and P) Uh-oh I think we have company...
Pugs: Do you smell that Poodle? Smells like...Fresh Meat.
Poods: Yeah Boss, Fresh Meat.
Dad: I do not know who you are, but I can guarantee that we are not dog food.
Pugs: Well you sure look like it, don't they Poodles.
Poods: Yeah, they sure do boss. Can I have the first nibble?
Pugs: No Poodles, I always get first nibs.
Poods: Oh yeah, sorry boss.
Kevin: Wait why do you want eat us?
Poods: Because our Master told us, we always do what Master tells us!
Kevin: Yeah, but why? I mean, he gets you to do all the mean jobs, he isnt treating you right in my opinion.
Pugs: What are you saying kid?
Kevin: Well, if I were you, I would try not listening to him and do what you want!
Poods: He has a point boss.
Pugs: Yeah I hear him. I want to give our master a piece of my mind. (Begins to bark)
Dr: Puggles! Whats wrong? Daddy is on a very important phone call! (Barking Continues) Fine I'm coming, I'm coming! What wrong!? Is it the prisoners?
Pugs: (barks and bites Dr. Madd)
Poodles: (bites Dr. Madd as well)
Dr. Madd: *(Screams)*
Dad: Quick Kevin! Schnauz-our Chance! *(Kevin and Dad get into the machine and press the button.)*
(Kevin and Dad walk out of the machine, normal)
Dr: Oohhhhh nooooo!!!!! *(Falls into the machine, which starts up again)*
Kevin: Dad! We did it! Im normal again!
Dad: Thats right son. We did do it.
Kevin: Where is Dr. Madd?
Dr. Madd: Ruff. *(Is chased by Pugs and Poods)*
Dad: Lets just say that he will have his nose in the dirt for awhile. Come on Son. Lets go home.

Scene 6: Back to School
(Back to original school positions)
Alexis: Hey Kevin how was working with the scientist?? I bet it was fun?

Chad: Yeah, way cool! I want to be a scientist now!
Kevin: Not really guys...It was nothing that I expected. I dont think that I ever want to go through that ever again! I think...I would rather be an astronaut.
(Teacher recieves a note.)
Teacher: Kevin, your father is here to see you. *(The kids in the room snicker as Dad enters the room)*
Dad: Kevin, you forgot your lunch at home!
Kevin: Oh! Thanks Dad. You can go now...
Dad: Not quite *(Gives Kevin a Hug)* Im proud of you son, Ill see you when you get home, and then maybe... we can play some catch.
