An Abridged History of America

By Joshua Sands

INTRODUCTION

Where to start . . . Where to start . . . Ah Ha! Got it . . .

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. — That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, — That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to affect their Safety and Happiness."

Let's start there with An Abridged History of America by Joshua Sands.

(Pg 39-46) ***God bless America.***
Land that
I
love.
We set forth
for this
great
land
With beautiful English
ships,
English
money,
English
people.
We got settled with
English
help,
English food
shipments,
English medical
remedies.
We settled
and we spat on the
English,
shot the
English,
poured tea
on the English,
declared independence
from the
English.
Thanks
for the
memories, England.

Now leave.

We're comin' to America.

Indians treated
the land
with
respect.
So we shot
them,
raped them,
moved them
to five square
blocks south of
Phoenix, Arizona.
We'll even pay
the Indians
if they show
us a
raindance.
Entertain us –
We should celebrate
Thanksgiving
by watching the
turkey with
it's head chopped
off.
Bleed and run.

4NG Fanatics

Run and bleed.
We'll catch up to you.

OK – everyone squeeze in!
You can all fit, dammit.
Yes, those are all the names of
the people who went to Vietnam.
No, you can't visit them.
Now smile!

We purchased
Blacks from
Africa,
whipped them,
beat them,
kept them illiterate,
Called them 3/5
of a regular
American
(for census
purposes only).
Even when they were
"freed"
they were uneducated,
scoffed at,
laughed at,
spat on.
Only now they

were homeless
and
hungry.
Thanks, Blacks,
For picking our
cotton.
We're warm.
Now,
go build
a
fire.

I'm confused who you Americans look up to.
Who do you respect in your country?
You mock your leader on talk shows
and impersonate him to create a cartoon.
Who do you look up to?
We have Nobel Prize winners, novelists,
Inventors, and political officials.
You have mistresses, lotto winners,
movie stars, and basketball players.

We fought some
wars for rightful
causes:
Weird people
out there:
Stalin,

4NG Fanatics

Hitler
beware.
Yet we were
and are
the only people
to drop an
A-Bomb on anyone.
And then do it again
for
emphasis.

I came to America to witness the future
I learned the language.
I brought my own money.
I came to America because they say it is the land of dreams.
I did not come to America to live here.
The street is not safe and I'm getting older.
I want to leave America, but have no money.
I want to leave America, but can't find directions.
On those carnival rides, they let you off when you get sick.
Please stop.
I want off.

We're homeless in America.

The Blacks found a leader:
Martin Luther King.

so we
shot
him.
We found a leader:
JFK
so we
shot him.
Our leader had a brother:
Robert
so we
shot him, too
We found a singer:
John Lennon
and we shot
him, too
because we
were out of
leaders.

Buy American!
Don't let the Japanese take over!
The Japanese school day is roughly ten hours,
consisting of rigorous study
in the sciences,
languages,
composition,
mathematics,
history.

4NG Fanatics

The American school day is roughly six and one half hours,
consisting of the same subjects,
With recesses,
study halls,
club meetings,
and convocations mixed in.
The Japanese are ahead because they know mathematics:
six and a half mixed hours
do not equal
Ten quality hours.
But, still, buy American!

We went to war in Vietnam
Because it would
make us feel better.
People protested
the War
because it would
make them feel better.
People did drugs,
had free sex,
wore tie dye,
got shot.
In protest.
And it made them
geel better.

Estimated value of Beanie Baby: $800.

Person who makes Beanie Baby: Annual income, $800.

I was told the other day that we donated over ten billion
dollars
to other countries in the name of
foreign relief.
This will improve their quality of living, or so I'm told.
I was told the other day that my son needs an operation.
I was told the other day that without it he will not survive.
I was told the other day to put up collection jars in the
community.
I was told the other day to pray.
The other day I prayed.
The other day I prayed for a miracle.
The other day I went to the grocery store and picked up
eight dollars
In loose change.
Today I will pray again.

We elected an actor
to be President –
so we wouldn't have
to train him
how to lie.
Besides,
he looked
good on TV.
And the Alzheimer's

4NG Fanatics

jokes were funny
later on
weren't they?
The Ayatollah took
hostages and we didn't
shoot him.
Castro was Satan;
we didn't
shoot him.
Saddam crossed the line
so we shot his people
and their children
but didn't shoot
him.

Oh, say can you see
Cause my fat *butt* might be in your way
By the dawn's early light
Yeah, like we're getting up at dawn
What so proudly we hailed
Hail to this remote control
At the twilight's last gleaming
Where's the chips?
Oh say does that Star Spangled Banner yet wave?
(Do the wave)
For the land of the free
But don't smoke in public, burn flags, burn leaves, or forget
to wear your seat belt.

And the home of the brave
Hell, let's just drop an A-bomb.

We sit in our
air-conditioned
condominium
with our Volvo's
and our e-mail
and voice mail
and cupboards full
of food
and *75* inch TV's
With 73 channels
and cordless phones
and power tools
and jet-skis
and mutual fund reports
and Guess watches
and 2.5 kids and
a Dalmatian named
Spot.
And we say that
we deserve it
because we're
American.
And we buy it
Every time.
